

■ BELT TENSIONER WITH IDLER PULLEY FOR GM LS ENGINES

Regardless of whether your application is high performance street or all out race, knowing that your accessory belt will stay in place at high rpm is extremely important. The COMP Cams® Belt Tensioner with an Idler Pulley fits all GM LS passenger car engines, including LS1, -2, -3, -6 and -7 and features a higher pulley sidewall so your serpentine belt always stays in place. The COMP Cams® Belt Tensioner with Idler Pulley replaces the stock LS engine unit but uses the factory drive belt. Best of all, the unit is assembled and torqued at the factory for quick and easy installation.

- Belt tensioner fits all GM LS1, -2, -3, -6 and -7 passenger cars (not applicable for truck engines)
- 6061-T6 aluminum billet construction & black anodized finish
- Comes assembled and torqued with tall flange pulley for easy installation
- Uses factory drive belt but doesn't require disabling stock tensioner

DESCRIPTION	PART #
Belt Tensioner with Idler Pulley for GM LS Engines	54021

■ DIGITAL PRECISION CAM DEGREEING SYSTEM

The Digital Precision Cam Degreeing System allows the serious engine builder to degree the camshaft of most domestic engines with extreme accuracy and in record time. The patented system utilizes an electronic encoder that enables the high-performance engine builder to calculate and display the intake centerline, in crankshaft degrees, to within one-tenth of a degree in about half the time required to accurately use a degree wheel.

- Precisely calculates & displays intake centerline to within 1/10 of a degree
- Cam & timing chain are completely accessible though degreeing process
- “Base Kit” includes computer only; “Pro Kit” includes computer, cam lobe indicator, piston dial indicator and necessary mounting hardware
- Engine specific crank adapters sold separately

DESCRIPTION	PART #
“Base Kit”	POW358000
“Pro Kit”	POW358001
Small Block Chevy Crank Adapter	POW358003
GM LS1 Adapter	POW358008
Big Block Chevy Crank Adapter	POW358002
Ford Adapter	POW358004
Mopar Adapter	POW358005
Oldsmobile Adapter	POW358006
Pontiac Adapter	POW358007
Generic Adapter	POW358009
8 Piece Adapter Kit	POW358010
